Dear Mr. Hoeman:

Thank you for your proposals to correct the misapplication of Polar Bear Mountain and for adoption of the name Eagle Peak.

It may be a month or more before the State Board can meet but I am certain that approval of your proposals will be given by the Board. In the meantime, your letter of July 17 to the U. S. Board and the U.S.G.S. Regional Engineer will have drawn attention to the error.

Sincerely,

Charles F. Herbert
Chairman
Alaska State Geographic Board
